

## PRO75 DIN Rail Series Single phase

### Introduction

The production progress of the best kWh meters in the world is now improved and ready to take 5 years of warranty.

All PRO meters are produced with the highest quality level components and are available in different currents and voltages.

The standard currents are 10/100A direct and the 3 phase meters are also available in a 5A CT version to measure with current transformers, All meters are class1 and available with LCD or 5+1 mechanical register.

### Functions and features

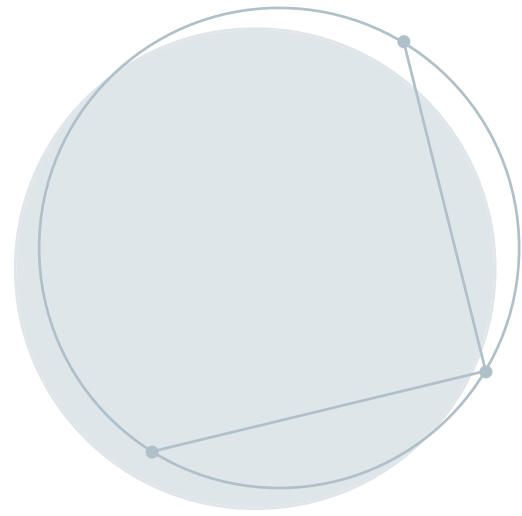

- DIN rail mounting
- LCD 6+1 or Mechanical register
- SO output
- Most easy installation
- High Quality/Price ratio
- Indoor meter
- 5 year warranty
- PRO75 also for 2 phase available
- MID pending

### Technical specifications

Voltage	230V AC
Frequency	50 / 60Hz $\pm 10\%$
Current	10(100)A
Power consumption	< 2W / 10VA
AC Voltage withstand	2KV – 1 minute
Impulse voltage withstand	6KV – 1,2 $\mu$ S waveform
SO Output	according to DIN43864
Temperature range	-20°C ~ + 55°C
Case	75 mm DIN Rail mounted

**PRO75A**

**PRO75D**

### Outline dimension
